Jiffy 6cm Round Pots 26pk

- 6cm round pots

Code: 110046 Qty: 14

Jiffy 8cm Round Pots 16pk

- 8cm round pots

Jiffy Pots are made from quality raw materials, consisting of a minimum 50% sphagnum peat, wood fibre and lime to adjust the pH. Jiffy pots eliminate the need for plastic pots and encourage quick, healthy growth, while stimulating root growth through improved aeration.

There are a number of benefits of using Jiffy Peat Pots. As the plants grow, the roots grow through the medium. This avoids internal spiralling and improves growth. When it comes to replanting, Jiffy Peat Pots eliminate transportation shock, as they do not need to be removed from the pot. Just drop the plant and Jiffy pot straight into its final planting position.

Code: 110052 Qty: 24

Jiffy 7 Pellets 36pk

- Made from compressed peat, wood pulp and coir pith
- Expands with water to provide the ideal growing medium for seeds
